Proposed Version (only 19.9.1 changes)

19.9 Final Candidate List

19.9.1 Following publication of the BCEC slate of candidates, RALOs have an opportunity to add candidates to that list.

19.9.1.1 If a RALO believes that the BCEC erred in omitting an applicant from the BCEC slate of candidates, it may, through a formal vote in accordance with its rules and procedures, petition for an applicant to be added to the slate of candidates.

19.9.1.2 The selection timetable should allow sufficient time for consultations within the RALO, and for the RALO to inform other RALOs of its intentions.

19.9.1.3 Other RALOs may, using whatever methodology they choose, decide if they have a similar compelling interest in the applicant. A RALO has no obligation to act in relation to a petition within another RALO.

19.9.2 RALOs may only suggest candidates who had previously submitted a full EoI to the BCEC during the current selection process.

19.9.3 Candidates will be added only if they receive support through a formal vote of at least three of the five RALOs, each RALO voting according to its respective rules.
