WHAT IS THE CAMP ABOUT?

The Internet Governance Boost Camp is a 2-day event organized by NetMission.Asia in partnership with the Kobe Festival. This youth day camp is an outreach event for the upcoming global Internet forum, ICANN64 meeting which will be hosted in Kobe from 9 - 14 Mar, 2019. The camp is a cross-cultural activity hoping to bring youth from different cultural background to exchange ideas on issues related to digital inclusion, Internet governance and youth mobility. Students will participate in a role-play to learn to respect different opinion and ideas with a consensus-driven approach to tackle problems.

A FUN & INTERACTIVE LEARNING EXPERIENCE

The activities in the camp are highly dynamic and interactive with not only sharing from Internet veterans but also, discussion sessions, simulation and card games as well as a mock multi-stakeholder roundtable. You will have the opportunity to act as a government representative, a technical expert or a CEO of a social media giant, etc. Your participation will contribute to the ideas exchange and we together explore the various Internet issues from the youth perspectives!

WHAT WILL YOU BENEFIT FROM?

- Understanding the Internet Governance issues and how it affects you
- Gain knowledge on how Internet works and how Internet polices are created
- Equipping with discussions skills through the multi-stakeholder simulations
- Be able to voice out your opinion on Internet issues and draft a statement
- Get-to-know the new opportunities of our digital future

CERTIFICATE WILL BE AWARDED TO PARTICIPANTS WITH FULL ATTENDANCE.

WHO WE ARE?

NetMission.Asia is a youth-led initiative started in 2009 with the support from DotAsia Organisation. It consists of a network of youth volunteers, the NetMission Ambassadors which they are devoted to advocate and promote youth engagement on Internet Governance discussions and empower youth across Asia to join the Internet policies dialogue and make impact to the society. NetMission has since then organized various youth conference in Asia over the past years.
