

“Shaping the Internet together”

- **Registration is now open**

Registration for EuroDIG 2015 has opened early April. It's now getting urgent to [register](#) for the 8th EuroDIG and the South Eastern European pre-event (SEEDIG) until 31 May 2015. Both events are free of charge and open to everyone. We can offer special hotel rates for the main venue [Kempinski Hotel Marinela](#). Please find all details at the [EuroDIG Sofia event page](#). And please book ASAP!

- **Call for inputs**

As a novelty at EuroDIG, three sessions are asking for prior inputs from the community. We are inviting all stakeholders to contribute with their inputs into these sessions in advance of EuroDIG:

(1.) For the opening plenary: “How can we shape the digital single market together?”
use the [Wikipage](#) or email to opening@eurodig.org

(2.) For plenary 3 “Net Neutrality”
Use the [Wikipage](#) or the [editing tool](#) or email to pl3@eurodig.org

(3.) For workshop 1 “Participation in a digital society”
Use the [Wikipage](#) or email to ws1@eurodig.org

- **New workshop 9 “Policy Menus for connecting the next Billion”**

As we couldn't find a focal point and team to follow up on the topic open source, we had to reconfigure this WS. We dedicated it to the IGF global subject “Policy Menus for connecting the next Billion”. Focal point for this new session is Lee Hibbard from the Council of Europe and interested people are kindly invited to join the org team. Please express your interest to ws9@eurodig.org

- **Finish for the Sofia programme**

The organizing teams for each session have started their work during the last weeks. If you are interested to participate in an org team, just let us know or visit the [EuroDIG wiki](#). This is the place where org teams publish their work and where you can get involved in any session of your interest. The wiki aims to keep all information and workflows in one place. Additionally, it increases the inclusiveness and transparency of the EuroDIG process by allowing other interested people to join the teams at any time - according to our slogan: “... *always open, always inclusive and never too late to get involved*”.

We hope to welcome plenty of you soon in Sofia!
The EuroDIG team
