## Description

### 1. Structure and Governance:

- a. Is your Organisation constituted so that individual Internet users who are citizens or residents of countries within the Geographic Region in which your Organisation is based control your Organisation?

Indicate Yes or No: Yes

- b. Please explain the answer above in sufficient detail so that a person not familiar with your Organisation would be able to understand the reasons for your answer, and attach or reference the URLs where any statutes or operating principles or other supporting information related to this question can be found.

France@large is legally constituted by a not-for-profit open Secretariat whose members are co-opted among the French @large community. The Secretariat members only vote on issues concerning the administration of the Secretariat.

Members of the At-Large community can freely join france@large by subscribing to the general mailing list. The members organize the list moderation and decide on what motions and projects they will vote.

- c. Is your organization formally incorporated or organized under a national legal jurisdiction?

Indicate Yes or No: Yes

IF YES: Please describe what legal recognition it has and indicate the place of legal incorporation or registration

It's a not-for-profit organization according to the French 1 July 1901 law for voluntary associations (association loi) and it is registered at the Prefecture of Versailles (Yvelines).

- d. Describe your Organisation's structure (e.g. governing and decision-making bodies and processes):

There are three governance levels:

-a Secretariat which manages the association

-several expert committees which assist in formulating policy recommendations

-the general members who discuss the policy recommendations and

vote on the motions

This governance scheme is inspired by the relationship between the ICANN Staff and some of the ICANN bodies (e.g. Administrative Council and GNSO)

- e. Does your organization have written bylaws or other constitutional instruments?

Indicate Yes or No: Yes

IF YES: Please provide a copy along with your application (in English if available)

<http://alfrance.info/index.php?title=Status>

- f. Explain the eligibility requirements (if any) for your Organization's constituents/membership (if you provide a written application for admission as a member, you may attach a copy):

Accession to france@large is open. Everybody can join the general mailing list. (it is comparable to the General Assembly of the GNSO)

- g. In what language/s does your Organisation conduct its business?

French

## 2. About Your Members

- a. Do you have individual members with the ability to vote in or otherwise control the management of the organization?

Indicate Yes or No: Yes

*IF NO: Describe what role individuals have in the management and work of the organization.*

- b. Do you have organizations as all or part of your membership?

Indicate Yes or No: No

*IF YES: Describe whether they are profit-making, non-profit-making, a mixture of both, and/or what proportion of the total membership each type of private sector organization is. Please also describe what the nature of the organizational members is: For example, are they all of a similar type or interested in a similar activity or policy area?*

- c. Do you have governmental bodies, or quasi-governmental bodies, as members of your organization?

Indicate Yes or No: No

*IF YES: Please describe their nature and role in the decision-making and work of your organization, and the proportion of the total membership made up of these types of organization.*

- d. Describe the general membership – are they predominately of one (or more) professional background or interest group? (e.g. journalists, online rights activists, consumer organizations, individual consumers, etc.):

France@large is not specialized. It neither practices nor supports any form of discrimination.

- e. Describe how your Organisation keeps its constituents/membership informed about, and enables them to participate in, decisions regarding issues of interest:

All decisions not related to the administration of the Secretariat or the preparation of policy debates are being taken by the members (like at ICANN).

- f. Approximately how many members, of each type of membership class if you have more than one, do you have?

There are no more than eleven Secretariat members to avoid obstructions of the administrative process. Currently, there are six.

The experts meet on an ad-hoc basis. There are currently five experts.

The general @large members constitute therefore by far the biggest group. After reanimating the process, we have seen a rise in the number of new entries. At the end of 2007, there were 17 members. Our objective is to have 1000 members by the end of 2008. However, we do not want to start our information campaign before our relationship with the ALAC and other organizations has been reinforced. We hope to do this as soon as possible.

france@large respects the IT and liberty clause. It knows its members only by their email addresses and does not entertain closed archives. The member list is accessible and located on independent archive sites. We therefore do not publish a directory.

The voting procedures are currently being discussed as part of the drafting of the mailing list and moderation rules.
